

**San Diego County Water Authority Board of Director's
Bay-Delta Position Statement
(Adopted July 25, 2019)**

The Water Authority Board of Directors supports Governor Newsom's Executive Order N-10-19, directing preparation of a water resilience portfolio approach that meets the needs of California's communities, economy, and environment through the 21st century, including consideration of multi-benefit approaches that meet multiple needs at once, and a single-tunnel Bay-Delta project. Further, the Board directs staff to inform the Newsom Administration that its support for a single-tunnel Bay-Delta project is expressly conditioned upon the project costs being characterized by the Department of Water Resources (DWR) as conservation, or supply charges, as similar facilities historically have been defined in the Metropolitan Water District of Southern California's State Water Project contract with DWR.
